**Re: Storm Water Plan Workshop RESCHEDULE**

---

Remember your Storm Water Notice of Intent must be filed by the end of March.

Your **SWPPP is due in September**. There are several steps involved in designing a plan, and it is important that you begin work on this process **SOON**. While a number of firms have begun work on their plans and have responded that they wanted to attend a storm water plan workshop in April, others have not yet begun work on their plans. Therefore, I am **rescheduling the Storm Water Pollution Prevention Plan Workshop to a date in June** to be announced.

NTA has arranged with Acheron, Inc. to hold a half-day workshop on designing a Storm Water Pollution Prevention Plan as required under the Group Storm Water Permit. The workshop will most likely be held in **Portsmouth, New Hampshire**. The charge for attending will be about **\$300 per firm** plus the cost of the room and lunch (around \$30 per person). **If you are interested in attending this workshop, please call or fax me at tel: 617-542-8220 or fax: 617-542-2199.**
