MESSEGE FROM THE CLUB PRESIDENT

Here are a few thoughts on what the Textile Club offers me. I enjoy the friendship and social aspect of the meetings. The meetings provide a great platform from which to explore our industry more deeply, both product-wise and technically. I learn something new at each meeting. The cross-section of members and their particular fields allows me a greater insight into the industry than would otherwise be possible. This gives me a wider base from which to draw ideas. I am also honored to be a member of such an historic organization as the Textile Club.
