PROGRAM

"Overview of the Flocking Industry" (a non-technical viewpoint)

Edwin B. Martin, President of C.W. Fifield Co., Inc. will speak on the growing flocking segment of the textile industry. He will show a video and bring samples of tow, flock and flocked products.

Ed is a graduate of Northeastern University and has worked at Fifield over twenty years. He and his wife Nancy are the parents of four children and live in Hingham.

Because the Parker House is undergoing renovation for several months, we will meet at Anthony's Pier 4, 140 Northern Avenue in Boston. There is free parking adjacent to the restaurant. Please note also that the social hour begins a half hour later than usual. Luncheon will be at 12:30. We will order off the menu, with prices starting at \$14.95. There will be a small charge for room rental.

The Textile Club welcomes its members to actively participate in the Textile Club Meetings and encourages them to bring guests.
